# **IQAC-Report on Student and Teacher Feedback on Curriculum Design**

## **Academic session 2020-2021**

The Feedback on CBCS Curriculum Design for academic session 2020-2021 was obtained separately from the Faculty and the Students of Semester VI. Both feedback data were analyzed by the IQAC and the results conveyed to the Head of the Institution.

The questions put to the students included several aspects regarding whether the syllabus

- i. had topics that provided an overall idea about the subject
- ii. could be completed on time
- iii. was capable of enhancing skills and competencies
- iv. facilitated progression to higher academic study
- v. was able to generate interest in research
- vi. enhanced the capability of appearing in competitive examinations
- vii. helped in getting a job after graduation
- viii. helped in inculcation of universal values and ethics and in awareness about rights
- ix. had portions that involved team work
- x. had portions that would make students environment-conscious
- xi. design with scope for use of ICT tools to achieve curriculum outcomes

Responses were obtained through a Google Form and there were 219 responses. Analysis of revealed that on the whole, majority of the students had provided positive responses to the queries but there were some aspects that needed attention. A major percentage of students felt that

- (a) there was not enough time to complete the CBCS syllabus within the stipulated time of a Semester
- (b) the syllabus design was capable of enhancing skills only moderately
- (c) the syllabus design generated interest for research only moderately
- (d) the syllabus design was moderately helpful in preparing for competitive examinations
- (e) the syllabus was not very much job-oriented
- (f) that syllabus should be made more conducive to the use of digital tools.

The Feedback provided by the Faculty through Google Forms for the academic session 2020-2021 was also analyzed and the results conveyed to the HOI. There were 67 responses.

Teachers' responses were obtained on whether the syllabus

- (i) could be completed within the stipulated time
- (ii) was compatible with changing socio-economic conditions
- (iii) enabled students to pursue a career of choice
- (iv) was comprehensible to weak learners
- (v) was life -centric

Principal  
Gokhale Memorial Girls' College

- (vi) would be able to inculcate values and ethics
- (vii) was flexible enough for the use of ICT teaching-learning tools
- (viii) permitted teachers to take up added assignments for students' benefit
- (ix) could be delivered with the available infrastructure of the College
- (x) was helpful for teachers to deliver on platforms such as Swayam NPTEL, e-Pathshala etc.

A further query included was whether teachers had membership of Under-graduate Board of Studies (UGBOS) and whether it was possible for them to provide feedback to the affiliating University regarding the CBCS Curriculum Design.

Analysis of Faculty responses revealed certain issues-

- (a) 53 % stated that the curriculum would definitely allow students to pursue their career of choice while 47 % stated that it might, but only partially.
- (b) 68 % stated that the syllabus was only partially comprehensible to weak learners
- (c) 27 % stated that the college infrastructure needed improvement to allow teachers to deliver the curriculum effectively
- (d) Only 3 % stated that they were members of their respective UGBOS, 38 % of teachers felt that there was scope for taking the feedback to the affiliating university and 45 % were not sure and felt that it might be possible.

### *Action Taken by the HOI*

After careful perusal, the HOI conveyed both the analyses to the teachers and requested them to submit the findings to their respective UGBOS for necessary action.

The HOI resolved to place the findings in a subsequent meeting of the Governing Body of the College.
